SMARTER FUEL MANAGEMENT

FOR YOUR MARINA

ON-SITE FUEL TANK + FUEL MANAGEMENT SYSTEM

Streamline Resources provides a complete fueling solution that puts control, accountability and convenience right at your dock.

THE BENEFITS OF ON-SITE FUEL MANAGEMENT

COST CONTROL
Reduce off-site fueling trips and manage fuel usage more efficiently.

ACCOUNTABILITY
Track who is fueling, what they're fueling and how much.

VISIBILITY
Monitor fuel inventory and usage to make smarter operational decisions.

CONVENIENCE
Fuel boats and equipment on-site and keep your operation moving.

ACCESS CONTROL
Set permissions for employees, vessels or departments.

PEACE OF MIND
Dependable fuel delivery and local service you can count on.

POWERED BY
FILL-RITE®
FUEL MANAGEMENT SYSTEMS

TAKE CONTROL. GET VISIBILITY.

The Fill-Rite® FMS is a powerful solution that helps you manage fuel usage across your entire operation.

- Track transactions in real time
- Manage users and access levels
- Monitor inventory and usage
- Generate reports with ease
- Secure, reliable and built for commercial use

SEE IT IN ACTION
